

Smartly – ISO 27001/SOC 2 Compliance Automation Platform for Startups

WHY ISO 27001/SOC 2?

Enterprise clients demand proof that their data is secure. ISO 27001/SOC 2 is the gold-standard certification, but the process is usually complicated for startups.

Smartly **changes** that.

WHAT WE DO

Smartly automates **70% of ISO 27001/SOC 2 work**, so your startup can:

- Get certified in days, not months
- Save thousands in consulting fees
- Avoid tedious manual work
- Build trust with potential clients/investors

WHY SMARTLY?

With Smartly, ISO 27001/ SOC 2 compliance is straightforward and efficient, helping you build trust with partners and expand your business.
